- Shaping the Future of Office Spaces
- Unlocking the Pent-Up Demand
- ESG in Real Estate
- Real Estate and Supporting STEM on the South Coast:
- The South Coast Residential Market:
- Economy Update
- Council Update: Why the South Coast is the Place to Invest

SAVE THE DATE - THURSDAY 14TH NOVEMBER 2024

Studies have shown we remember little of what we hear at conferences. People forget, and they forget fast. This is largely due to the learning formats used. The more interactive, collaborative and needs-focused the sessions are, the better you remember and use the knowledge. To maximise learning outcomes, South Coast CPS events experiment with a variety of new formats. These include:

EXPERT FOCUS

Experts Focus: practical guidance on commercial and residential industries. Participants can be invited to ask pertinent questions in group settings.

INSIGHT TALK

Insight Talk: fast-paced, personal and highly interactive interviews. Well-known and respected thought leaders can be interviewed in a BBC-style hard talk format.

MASTER CLASS

Master Class: highly interactive workshops run by a trained facilitator and a seasoned expert allows experts to communicate experiential knowledge and know-how.

UP-CLOSE & PERSONAL

Up Close and Personal: a series of informative, inspiring, energetic, 20-minute TED-style talks on “burning topics,” innovations, and personal challenges faced in engaging clients, or shaping change on the ground.

INSIGHT SESSION

Insight Session: an open discussion on a topic of mutual interest aimed to surface collective knowledge, and facilitate sharing of experiences, ideas and insights.
